

Self Certification of Health for Pigeons (non commercial) under Balai Directive 92/65/EEC

Exporter –Exporteur - Uitvoeren

Name: (name/naam)

Address: (Privatadresse/Adres)

.....

.....

A separate certificate is required from each exporter.

I, the below signed exporter of the birds listed, declare the following statements to be true and accurate.

- a) The birds listed below come from a holding and an area in which Avian Influenza has not been diagnosed in the 30 days prior to export.
- b) The birds listed come from a holding and an area not subject to restrictions applied to combat Newcastle disease.
- c) If originating from a third country the birds have completed a 30 day quarantine period in the holding destination in the EU
- d) The holding of origin has been registered by the competent authority in the country of origin.
- e) The birds are accompanied by this signed Declaration of Health Certificate.
- f) The birds show no obvious signs of disease.
- g) If an imported bird dies in transit or on its arrival in the UK the importer will report its death to the local Divisional Veterinary Manager. The carcass may only be disposed of under the direction of the DVM
